

What Your Child Learned Today..

That will save their life!!

Today, Beaufort Firefighters played a game with your child, and:

- Taught your child to "Stop, Drop & Roll"
- Taught your child never to run if their cloths catch fire

You can help Beaufort Firefighters keep your child safe by:

- Teach your child that the stove area is a safety zone and to stay away, along with fireplaces and heaters
- Make sure your child's pajamas are fire resistant by reading the label
- Practice "Stop, Drop & Roll" and make sure your child covers their face as they roll, and to roll until all the fire is out!
- Practice your family fire drill, practice opening windows and climbing out; or if not practical, how to signal for help from a window (yell, throw, shake a bed sheet)
- Sleep with bedroom doors closed!! Bedroom doors keep toxic smoke and flames out for over 30 minutes, protecting young lungs and airways until help can arrive, helping them to remain calm
